It is a pleasure to be back home again, safe and sound, after spending fifteen days in the hospital.

I take time out today to write you a little thank you note for prayers, visits, cards, and all the many acts of kindness shown me since I've been ill. You are wonderful friends.

We would like to express deep sympathy to Mrs. Harriet F. James and family in the loss of their loved one. May God bless each of you.

Forest Fire Losses Low

Forest fire losses in Southside Virginia's timberlands has been low this year explains the Virginia Division of Forestry. A wet spring and early summer helped to keep the number of escaped fires low.

The Farmville Division of Forestry District, eleven counties in area, has had 71 fires that have burned 161 forest acres and 88 acres of fields and non-forest land.

"This is one of the best years in Virginia" says Maynard Stoddard, District Fire Control Chief. "We hope the coming fall fire season will be just as good." A dry late summer and early fall in some areas is causing foresters to keep a close watch on the hazards building up.

"If we continue without rain through the time leaves fall, we will need extra care from people who use the forest", Stoddard said.

Brush and trash burning as well as smokers and children playing with matches still lead the list of fire causes. Extra care in the use of fire can hold the forest loss to a minimum.

Division of Forestry Foresters point out that with the increased use of our forests and open spaces and the need for additional wood means that every person should do his part to prevent forest fires.

4-HERS WIN

These 4-Hers are ready to solve that problem! How about you?

SEVENTH DAY ADVENTIST
Rufus B, McDannel, Pastor
Sabbath School Lesson No. 12 for Sept. 10-16, 1972
Subject: "Truth For Today"
Scripture Text, "Wherefore I will not be negligent to put you always in remembeberance of these things, and though ye know them, and be established in the present truth" 2 Peter 1:12,
The Bible contains both timeless messages particularly applicable at certain times. These are general teachings which apply to every soul in every generation. They include such doctrins as faith, repentance, conversion, love, obedience, righteousness by faith, et cetera." In addition to these, there are special truths applicable only to the particular time which God has appointed them. Examples of these are: Noak's 120 years warning of the coming of the flood, Jonah's forty-day warn- Nineveh, John the Baptist's message of preparation to receive the Messiah at his first "Advent".
Lesson Outline—Part 1. Prophetic certification. St. John 1: 21,22, "And they asked him, "What then? Art thou Elisas? And he saith I am not, Art thou that prophet? And he answered, no. Then said they unto him, Who art thou? that we may give an answer unto them that sent us. What sayest thou of thyself? Read St. John 1:23, also read Isa 40:3. If the message of Isa 40:3 had not been proclaimed at that time, the Bible would not be a true book." The Sabbath reform by Seventh-day Adventist may be compared to the work of St. John, just prior to the second coming of Christ in the clouds of heaven such work as that of St. John is to be done." Testimonies, Vol 8 p. 332.Part 2. The Truth of the Advent Near Matt. 23:33, "So likewise ye when ye shall see all these things, know that it is near, even at the doors." Read please Rev. 14:6-14. Part 3. The People of God Identified, Rev. 17:14. "These shall make war with the lamb, and the lamb shall overcome them: for he is Lord of lords, and Kings of kings: and they are with him are calling, and chosen, and faithful." Seventh day Adventist are not merely another religious denomination. They represent God's last-day plan for the restoration of the original gospel work of Jesus, Part. 4. The Needed Certainty, Luke 4:21, "And he began to say unto them. This day day is this scripture fulfilled in your ears." To what scripture did Jesus refer? Compare Luke 4:16-21 with Isa. 61:12. Through such citations or Jesus on His work and teachings is a sure evidence of what is right for this age in which we live. Part. 5. God's Called-Out ones. Acts 15:14. Simeon hath declared how God at the first did visit the Gentiles to take a people for his name." In ever generation God has had a remnant people who have remained true to His commandments and kept His Sabbath. This is the knowledge of God and His truth have been preserved through the centuries, Part. 6, Remnant Identified, Rev. 12:17 "And the dragon was wroth with the woman, and went to make war with the remnant of her seed which keep the commandments of God, and the testimony of Jesus Christ." Think it Through – Will I by the grace of God, be one of Christ's remnant people to the end? Regardless of how earnestly one may try, it is impossible to keep the Lord's holy day on Sunday. Why? Because Mark 16: 1,2 shows that the Sabbath was past - when the woman came to the tomb at day-break on Sunday morning.
Last Sabbath we had several visitors, our speaker for the occasion was the Asst. - Pub.-Sect. of the Potomac Conference of Seventh-day Adventist, Roy D. Campbell, Margie, A. his wife, and three children, Roy Dale, Jr., Cheryl, and Lori Ann. They live in Roanoke, Va. He brought us an inspiring message on the Second Coming of Jesus, also about the wonderful work he is engaged in.
Sabbath School – 10 a.m.
Worship Service – 11:15 a.m.
We extend to all our visitors a "Hearty Handshake" The important word is "Come to the Little Friendly Church on Court Street in Historic Appomattox, Va."

"They're there if we need them..."

Buddy Eggleston, Vice President and Manager of Fidelity's Appomattox office, talks frankly about banking here in Appomattox.

"Here at Fidelity, we firmly believe in competition. It's good for Fidelity, it's good for our town, and as a bank customer, it's good for you. Because without competition, you have no basis to make comparisons. And we know we have services to offer you that can't be topped. Here's why.

"As a bank with over $300 million in deposits, Fidelity can respond to virtually any financial need our business community may have. This is important not only to the businesses already here, but also to new companies that might move here, creating new jobs, paying new taxes and helping our whole area become more prosperous.

"At Fidelity, you usually earn a higher annual yield of interest on your savings. That's because we have the computer capability needed to compound your interest every day. When you save with a bank that only compounds your interest quarterly or semi-annually, you actually earn less interest over a year's time, even if the bank is paying you the highest rate allowed.

"As a big bank, we provide in-depth help to farmers in our area with our full-time Agricultural Services Department. This means loans for planting, harvesting and equipment, along with professional advice on cash flow and farm business management.

"Fidelity also offers you trust services, specialized and experienced counsel to help guide you in the growth and preservation of your estate.

"And as a big bank, we can tell you in all sincerity that we only got to be big by serving our customers better, because that's the way the free enterprise system works.

"But there's an important difference between Fidelity and most big banks. Our local bank offices are run by local people. Like me. Like the members of our staff and our directors, all of whom live here and know our community's needs. Our headquarters staff in Lynchburg is there IF we need them, but the decisions that affect YOU are made right here. By local friends who know that we can only grow by helping you grow."
